

## Product Range

### 1800mm (w) x 1200mm (h) Aluminium Slat Box Contains:

(When assembled, 1xAluminium Slat Box creates 1xEliteFence panel as depicted below.)

16x65mm Slats (1786mm length)

2x1200mm Side Frames

2 x Side Frame End Caps

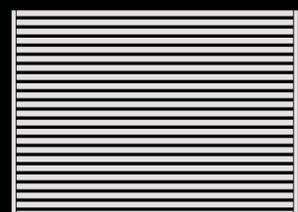

34 x Spacer Blocks

For Louvre EliteFence you will also need Louvre Brackets

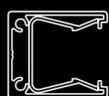

SKU: 2250640 - White  
SKU: 2250641 - Grey  
SKU: 2250642 - Charcoal

### 2400mm (w) x 1800mm (h) Aluminium Slat Box Contains:

(When assembled 1xAluminium Slat Box creates 1xEliteFence panel as depicted below.)

24 x 65mm Slats (2386mm length)

2 x 1800mm Side Frames

2 x Side Frame End Caps

16 x Self Drilling Wafer Head Screws

34 x Spacer Blocks

1 x Mid Rail End Cap

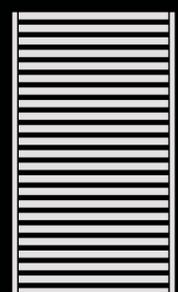

1 x Centre Support Rail

For Louvre EliteFence you will also need Louvre Brackets

SKU: 2250643 - White  
SKU: 2250644 - Grey  
SKU: 2250645 - Charcoal

### 1000mm (w) x 1800mm (h) Aluminium Slat Box Contains:

(When assembled 1xAluminium Slat Box creates 1xEliteFence panel as depicted below.)

20 x 65mm Slats (964mm length)

4 x 65mm Gate Slats (964mm length)

2 x 1800mm Gate Side Frame

2 x Top Cap

1 x D&D Latch Packer

17 x Hex Head Screws

SKU: 2250646 - White  
SKU: 2250647 - Grey  
SKU: 2250648 - Charcoal

## Accessories

**Choosing your posts & base plates:** 1800mm Posts used for fixing on a deck or concrete base installation. 2400mm Posts for in ground concrete installation.

**Trade tip:** Use side frames to create more fences with offcuts or unused slats from EliteFence packs.

### Louvre Brackets

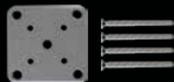

Includes:  
2 x Louvre Brackets  
2 x Fixing Screws

|         |          |
|---------|----------|
| 2250681 | White    |
| 2250682 | Grey     |
| 2250683 | Charcoal |

### Base Plate Set 50mm

Includes:

Counter Sunk Holes  
4 x 12g 75mm  
Long Screws (SS304)

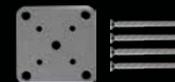

|         |               |          |
|---------|---------------|----------|
| 2250662 | 100mm x 100mm | White    |
| 2250663 |               | Grey     |
| 2250664 |               | Charcoal |

### Base Plate Set 65mm

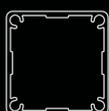

Includes:

Counter Sunk Holes  
4 x 12g 75mm Long  
Screws (SS304)

|         |               |          |
|---------|---------------|----------|
| 2250666 | 115mm x 100mm | White    |
| 2250667 |               | Grey     |
| 2250668 |               | Charcoal |

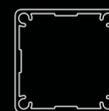

### Standard Aluminium Post

**50mm x 50mm Full Post Includes:**  
8 x 10 g 16 mm Hex Galv Screws  
(For fixing EliteFence Side Frames to Posts)  
4 x Screw Flutes  
1 x Top Cap

|         |            |          |
|---------|------------|----------|
| 2250650 | 1800mm (h) | White    |
| 2250651 |            | Grey     |
| 2250652 |            | Charcoal |
| 2250653 | 2400mm (h) | White    |
| 2250654 |            | Grey     |
| 2250655 |            | Charcoal |

### Heavy Duty Aluminium Post

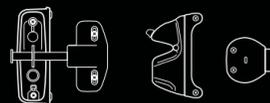

**65mm x 65mm Full Post Includes:**  
8 x 10 g 16 mm Hex Galv Screws  
(For fixing EliteFence Side Frames to Posts)  
4 x Screw Flutes  
1 x Top Cap

|         |            |          |
|---------|------------|----------|
| 2250656 | 1800mm (h) | White    |
| 2250657 |            | Grey     |
| 2250660 |            | Charcoal |
| 2259993 | 2400mm (h) | White    |
| 2259994 |            | Grey     |
| 2250661 |            | Charcoal |

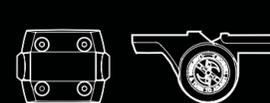

### Pedestrian Gate - Lork Latch Deluxe

SKU: 2250665 - Black

### Pedestrian Gate - Hinge

SKU: 2250649 - Black

### Aluminium Slats

Includes: 3 x Aluminium Slats

|         |        |          |
|---------|--------|----------|
| 2250669 | 1800mm | White    |
| 2250670 |        | Grey     |
| 2250671 |        | Charcoal |
| 2250672 | 2400mm | White    |
| 2250673 |        | Grey     |
| 2250674 |        | Charcoal |

### Centre Support Rail Set

Includes: Screws  
End Caps

|         |        |          |
|---------|--------|----------|
| 2250678 | 1800mm | White    |
| 2250679 |        | Grey     |
| 2250680 |        | Charcoal |

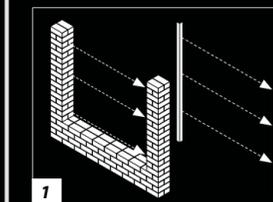

### Frame Set Box

Includes: Screws  
Spacer Blocks  
Frame End Plates

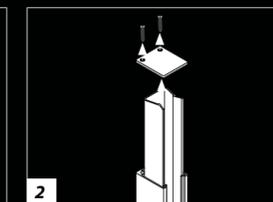

|         |        |          |
|---------|--------|----------|
| 2250675 | 1800mm | White    |
| 2250676 |        | Grey     |
| 2250677 |        | Charcoal |

|         |                      |                               |
|---------|----------------------|-------------------------------|
| 2260031 | ELI-SPAC-BLK-BLOCK50 | Spacer Blocks (x50)           |
| 2260033 | ELI-POST-CHC-CAP50   | Charcoal Top Cap (50mm posts) |
| 2260034 | ELI-POST-WHT-CAP50   | White Top Cap (50mm posts)    |
| 2260035 | ELI-POST-GRY-CAP50   | Grey Top Cap (50mm posts)     |
| 2260036 | ELI-POST-CHC-CAP65   | Charcoal Top Cap (65mm posts) |
| 2260037 | ELI-POST-WHT-CAP65   | White Top Cap (65mm posts)    |
| 2260038 | ELI-POST-GRY-CAP65   | Grey Top Cap (65mm posts)     |

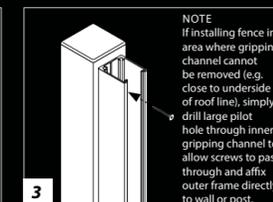

## How To Install - Panels

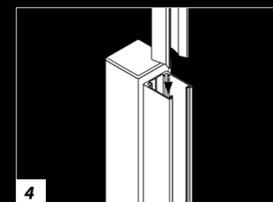

Take measurement between wall or post at 3 points: top, middle and bottom. Take note of the smallest width measurement.

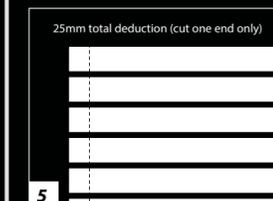

Remove top cap and set aside for later use (Do not remove cap from bottom end of side frame). Slide out the inner gripping channel.

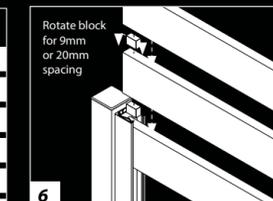

Affix outer frame to post or wall with screws (sold separately).

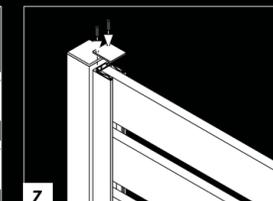

Slide inner gripping channel back into outer frame.

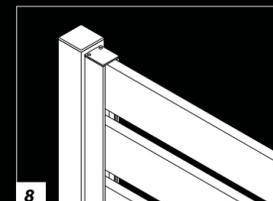

Cut aluminium slats 25mm less than total width of opening. Refer to measurement in step 1. The 25mm deduction takes into account thickness of side frame on both sides of the fence.

Push slats down into side frame ensuring spacer blocks are placed between each slat. Spacer blocks supplied in kit allow slat spacing of 9mm or 20mm. If a different spacing is required, source appropriate spacer blocks to achieve your desired slat spacing. Spacer blocks are NOT removed after inserting slats and remain as part of the assembled fence.

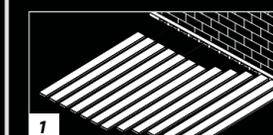

Once all slats are in place, carefully reattach top cap with screws.

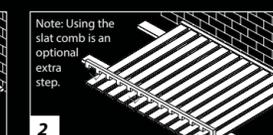

FINISHED!

**HEIGHT ADJUSTMENT**  
To adjust height simply cut outer frame and inner gripping channel as required to desired height. NOTE: Exact heights depend on spacing of slats. Please take care before cutting side frames to ensure height has been calculated correctly

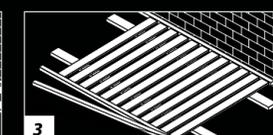

## How To Install - Gates

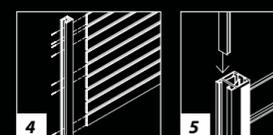

On a flat protected surface, lay 1x gate side frame with slotted spacer infill and rest against a padded stop and tap slats and gate blades into place.

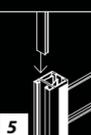

Elevate the slats and gate side frame on two padded bearers to allow the second gate side frame to be attached. Place the slat comb between all slats to prevent any movement of slats in the next step.

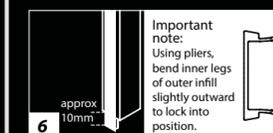

Engage the second gate side frame to the slats and tap the frame until all the slats are fully engaged  
TIP: Start at one end and work slats in from one end to the other.

Screw off gate blades at required positions. Ensure gate is square by measuring diagonals.

Slide the 2x outer infills down into position to hide screw heads.

Slide 2x outer infills past end of gate side frame (approx. 10mm), then using pliers, bend inner legs of outer infill slightly outward to lock into position. This step is required to stop the outer infill from sliding down prior to hardware installation.

Insert top caps into side frames.

**To determine the actual slat width for your gate, make a deduction of 36mm to the overall gate width (outer edge to outer edge of gate side frame)**

**FORMULA:**  
for slat width  
**OVERALL GATE WIDTH  
36MM**

You need to allow for hinge and latch gaps. Check hinge and latch hardware specifications for gaps required and take this information into account when determining overall gate width.

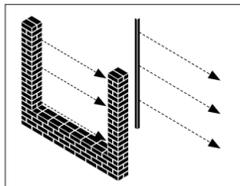

### Tools Required

- » Metal tape measure
- » Spirit level
- » Phillips head screwdriver bit (for drill)
- » Carpenters pencil
- » Power/cordless drill
- » Timber, masonry or steel drill bits (as needed)
- » Drop saw with suitable blade for cutting aluminium (if adjusting height or width)

## A Checklist to get you started:

We created a checklist to help you decide what components and accessories you need to create the right EliteFence for your needs.

- » To start take measurement between wall or post at 3 points: top, middle and bottom. Take note of the smallest width measurement.

- » **Choose between**  
1800mm (w) x 1200mm (h) Aluminium Slat Box or  
2400mm (w) x 1800mm (h) Aluminium Slat Box.
- » **Do you need a gate?**  
**Required:**  
1000mm (w) x 1800mm (h) Aluminium Slat Box  
Pedestrian Gate - Hinge (sold separately)  
Pedestrian Gate Lokk Latch Deluxe (sold separately)
- » **Do you want to convert your EliteFence to a Louvre?**  
**Required:**  
Louvre Brackets (sold separately in pairs).
- » **Are you installing your EliteFence on a deck or concrete base?**  
**Required:**  
1800mm Standard Aluminium Post 50mm x 50mm  
Base Plate Set 50mm (includes fixings)  
**Or add 1800 mm Heavy Duty Aluminium Post 65 x 65 mm:**  
Heavy Duty Aluminium Post 65 x 65 mm  
Base Plate Set 65mm (includes fixings)
- » **Do you need to concrete your posts into the ground? (Recommended - 600 mm depth hole)**  
**Required:**  
2400 mm Standard Aluminium Post 50mm x 50mm  
2400 mm Heavy Duty Aluminium Post 65mm x 65mm
- » Use a Centre Support Rail if you wish to create more stability in the middle of your EliteFence
- » Additional Spacer Blocks, Top Caps and Aluminium Slats can be purchased to further modify the look of your EliteFence.

Trade tip: Use extra side frames to create more fences with offcuts or unused slats from EliteFence packs

Converting your EliteFence to a Louvre is easy with EliteFence Louvre Brackets (sold separately in pairs).

## About EliteFence

The new modular aluminium fencing kit with a patented no weld system is now available in New Zealand. The simple push together system makes it quick to install with no welding or screwing required, providing that flawless look. Slats can be easily adjusted with 9mm and 20mm spacing blocks included in the kits. Desired widths and heights can also be easily cut to size on site. Available in a range of contemporary powder coated colours, we believe there is one that will be ideal for your next outdoor and landscaping project.

## Features & Benefits Typical Applications

- » No welding or screwing required
- » DIY & easy to install system
- » Lightweight & impact resistance
- » Complete kit set
- » Adjustable slats
- » Simple to cut to size on site
- » 15 year durability warranty
- » 10 year coating warranty
- » Fencing
- » Boundary fencing
- » Privacy fencing

## Colour Range (Powder Coated)

Innovative frame designed to grip each slat with no need for welding or screwing.
